

Green Deer Challenge Toolkit

Leave it better than you found it!

A little friendly rivalry

There's nothing like a little friendly rivalry to get your Green Deer team working even harder, and having fun doing it. Who could you challenge? A business rival, another class in your school, a group in your community, or an opposing sports team? It could even be as simple as encouraging your neighbours to take part in a 15 minute challenge. The possibilities are endless – the key is to have fun.

What are the stakes?

Some common challenges are to see who can pick up the most bags of garbage, log the most time spent cleaning, have the most number of people take part, or get the most likes on social media with your cleanup pictures. You choose! And, to make it a little more interesting, consider these motivating factors: the defeated bring coffee or a picnic lunch for the winners, or the defeated wear garbage bag shirts for a day – get creative.

The location

We suggest choosing a location that's meaningful to you and to the team you're challenging; perhaps an area close to your work, a street you live on, or a park you love to use. Your glow of accomplishment will last longer if you clean an area you see regularly.

What's in it for you?

By participating in the Green Deer program, you will be part of creating a cleaner, healthier community that all citizens of Red Deer will be proud to call home.

Draw Prize: Register your team for Green Deer and you'll be entered to win a barbecue and a BBQ party (hosted by Zed 98.9 & Real Country 95.5, food supplied by Save-On-Foods and a barbecue donated by Canadian Tire).

Getting started is easy
